About Atlantic Power

Atlantic Power owns and operates a diverse fleet of power generation assets in the United States and Canada.

The Company's power generation projects sell electricity to utilities and other large commercial customers largely under long-term power purchase agreements ("PPAs"), which seek to minimize exposure to changes in commodity prices. Pro forma for the expected sale of the Wind Projects, Atlantic Power's power generation projects in operation have an aggregate gross electric generation capacity of approximately 2,137 megawatts ("MW") in which its aggregate ownership interest is approximately 1,502 MW. The Company's current portfolio consists of interests in twenty-three operational power generation projects across nine states in the United States and two provinces in Canada.

Atlantic Power trades on the New York Stock Exchange under the symbol AT and on the Toronto Stock Exchange under the symbol ATP. For more information, please visit the Company's website at www.atlanticpower.com or contact:
